

# PROTECT THIS RIVER

The invasive alga "didymo" is not yet present in this river

## STOP ROCK SNOT

Before entering this water:

**CHECK** - Remove all visible clumps of algae and plant material from fishing gear, waders, clothing, water shoes and sandals, canoes and kayaks, **and anything else** that has been in the water within the last week.

**CLEAN** - Using HOT tap water and lots of soap: **Scrub** boats and other "hard" items thoroughly; **Soak** clothes, felt-sole waders and other "soft" items for **30 minutes!!!!**

Get more information on Didymo:

In Vermont, contact the VT DEC at 802-241-3777

or visit [www.anr.state.vt.us/dec](http://www.anr.state.vt.us/dec)

In New Hampshire, contact the NH DES at 603-271-2248

or visit [www.des.state.nh.us/wmb/exoticspecies](http://www.des.state.nh.us/wmb/exoticspecies)

Please do your part – Don't Spread Didymo to  
this Uninfested Waterbody!
